Annex

Reference-Portfolio Guidelines

Global High Dividend Income Basket USD

Global High Dividend Income Basket USD (the "**Reference-Portfolio**") is a notional USD ("USD") denominated actively managed Reference-Portfolio, created and maintained by Banque Audi (Suisse) SA (the "**Reference-Portfolio Advisor**"). The Reference-Portfolio aims to replicate (i) the performance of a basket of global high dividend stocks (the "**Constituents**") and (ii) from time to time, a cash position (the "**Cash Position**", which together with the Constituents shall be referred to as the "**Reference-Portfolio Components**"), less fees and expenses. The Reference-Portfolio Advisor maintains the Reference-Portfolio in accordance with the attached Reference-Portfolio Guidelines:

1. Only shares with sufficient liquidity which are at the time of the relevant Rebalancing a constituent of a Eligible Index (see below) may be incorporated as Reference-Portfolio Constituents in the Reference-Portfolio ("Eligible Stocks"). "Eligible Indices" means the following indices identified by their Bloomberg Ticker:

MSCI World Index. *Bloomberg: MXWO Index*

2. The Cash Position may at no time exceed 50% of the value of the Reference-Portfolio. No interest will be paid on the Cash Position.

In case of a rebalancing the theoretical volume of a buy or sell order for a Constituent is limited to 200% of the average traded daily volume of that Constituent. A rebalancing may happen at the discretion of the Reference-Portfolio Advisor. The Calculation Agent has the right to reject Constituents that form part of a Rebalancing. The theoretical volume is defined as the number of outstanding Units multiplied by the Reference-Portfolio Level (using a reasonable foreign exchange rate to convert into the currency of the Constituent) and multiplied by the change in the percentage weight of the Constituent. The average traded daily volume is defined as the 30 Day average trading turnover. The expected number of Rebalancings per year is 52.

At any time, the Reference-Portfolio may reflect a cash position which mirrors the holding of cash or money market instruments (the "Cash Position").

A Quarterly fee of 0.25% (1.00% per year) of the Reference-Portfolio Level accrued on a daily basis, plus (i) certain expenses commonly to be associated with establishing, maintaining and rebalancing a portfolio similar to the notional portfolio mirrored by the Reference-Portfolio and (ii) the Adjustment Fee, charged by the Calculation Agent and deducted from the Reference-Portfolio Level. The dates of the 0.25% fee deduction are 31 March, 30 June, 30 September and 31 December (in case any of the dates is not a Business Day, the next following Business Day will apply). A part of the Reference-Portfolio Fee will be used to compensate the Reference Portfolio Advisor.

An Adjustment Fee is levied for each adjustment made in the Reference-Portfolio, and represents a percentage of the notional volume of each of the purchase and/or sale of an Eligible Stock. The Adjustment Fee was set by the Reference-Portfolio Advisor in accordance with the Reference-Portfolio Calculation Agent at 0.10% as at the Launch Date. The Reference-Portfolio Fee is accrued on a daily basis and paid on a quarterly basis, on 31 March, 30 June, 30 September and 31 December should any of these dates fall on a day which is not a Business Day, the Fee is paid on the next Business Day).

The Reference-Portfolio is denominated in USD, while the Constituents, notionally comprised in the Reference-Portfolio, might be denominated in other currencies than USD

In order to appropriately reflect the performance of the Constituents in the determination of the value of the Reference-Portfolio, the value of the Constituents denominated in other currencies than USD is expressed in USD. The currency risk is hedged into USD (quanto).

The above Universe can be amended in agreement between the Calculation Agent and the Reference-Portfolio Advisor. The Calculation Agent has the right to reject Constituents that form part of a Rebalancing.
